What others say about this ebook:

Review 1:

A good read and a talented writer. I enjoyed this story. It kept my attention waiting to see what happened next. I like the author's writing style. I didn't know anything about the Nigerian culture and this book gives you insight into it. It was interesting seeing into another culture. There is some sexual content, but it is written in a clean way, leaving much to your imagination.

Review 2:

I liked the messages of forgiveness and love. The book started off slow and came to a quick ending which needed a little work. The use of the pigeon native language was a bit much, especially without a direct meaning provided. The story ended well. Continue your journey as an author Mrs. Nwankwor.

Review 3:

Review 5:

God had to be with Amara to get her through the trouble in her marriage. Love the book.
