## A Sneeze in Limbo: The Journal of a Divorced Bachelor

"A Sneeze in Limbo: The Journal of a Divorced Bachelor" is a mordantly funny, introspective look at life after divorce for a middle-aged father. In this debut novel from C. Sleek, the protagonist has stumbled out of a ten year long unwanted marriage, only to discover that he has to re-discover his purpose, his loves and wants, and ultimately his future path. His marriage fell apart due to a combination of trust issues, infidelity, and negative thinking, so he has plenty of obstacles on the road back to happiness. Ride this roller coaster of emotions as he navigates life as a divorced bachelor, and learns what and who is really important in his world.
