Review 3:

It is such a nice surprise to find Amazon was carrying this book. I have a personal interest to this book as it is about my husbands aunt and uncle. Jean did a great job of sharing a special love story that is still going on as their days are coming to an end. Jean stopped working and took care of her parents and drove them all over so that they could do the things they wanted. This book is about family love, spousal love and devotion to others. I would have enjoyed it even if it were not family but it was better because it was. If you are a Coulson this is about Uncle Earl and Aunt Darlene. Well worth the read. I look forward to Jean's next book.
