What others say about this ebook:

**Review 1:**

Easy compact guide which helped us for a 6 day visit to Singapore, hints and tips.nb the MBT(tube) map is out of date in this guide. So many books out there, these have always been good for outer global travelling

**Review 2:**

Good travel book. Have purchased for other cities. Arrived quickly

**Review 3:**

This book is just what we needed for four days in Singapore - the snippets of information on each location were great, the maps were clear and I think we made the most of our time there with its assistance. I am a fan of the Eyewitness guides, although the books are a bit heavy for international travel. This abbreviated version was perfect.

**Review 4:**

Print was too small to read.

**Review 5:**

My fiance is going there on a business trip and needed a guide. He said that this has been very helpful :)
