What others say about this ebook:

**Review 1:**  
thanks!

**Review 2:**  
Awesome book! What a great way to simplify and economize!

**Review 3:**  
Good recipes written with a sagacious, charming tone. However, he tends to blather on too much about re-working your lifestyle. Too much left wing with the chicken (Ha! See what I did there?). His knowledge of equipment, techniques, food history, etc. is profound.

It's too bad his legacy was tainted by scandal.

**Review 4:**  
While I disliked his Culinary Handbook, I LOVE THIS BOOK. It is full of good ol' meat and potato recipes. Its a real American cook book. I highly recommend.

**Review 5:**  
Jeff Smith's books are still being sold in the open market? I thought he was an accused child molester? Didn't he victimize like 20 teenagers and had to pay them a bunch of money? I guess people will tolerate anything these days.
