50 Classic Ski Descents of North America

Fifty Classic Ski Descents of North America is a large-format compilation of iconic and aesthetic ski descents from Alaska to Mount Washington. Created by ski mountaineers Chris Davenport, Art Burrows and Penn Newhard, Fifty Classic Ski Descents taps into the local knowledge of contributors such as Andrew McLean, Glen Plake, Lowell Skoog, Chic Scott and Ptor Spricenieks with first person descriptions of their favorite ski descents and insightful perspectives on ski mountaineering past, present and future. The book features 208 pages of gorgeous action and mountain images from many of North America's top photographers. Whether you are planning an expedition to Baffin Island's Polar Star Cou

Closer to You: Lee

The ultimate bachelor, Lee Drace never thought there was a woman out there who could stop him in his tracks. He only wanted three things out of life: money, power, and more money. He wasn't going to become attached to any woman who wouldn't be staying around that long. Besides, he had never met a w

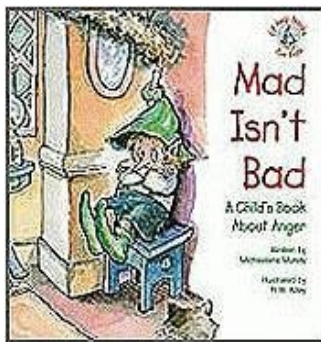

Sophie Crumb: Evolution of a Crazy Artist (Slipcased, signed and numbered limited edition)

Mad Isn't Bad: A Child's Book about Anger (Kid's Elf-Help)

You can be good -- and angry. After all, everyone gets angry once in a while. That's normal. But what should we do with our anger? Do we have any choices?Mad Isn't Bad says children do have choices. Just as importantly, caring adults have choices about what to teach children about anger. By helping

What others say about this ebook:

Review 1:

one of the best books ever. my dad loves it, excellent gift for hardcore skiers.

Review 2:

Amazing, zawe inspiring book!

Review 3:

Grate book - The photos in it are spectacular and a must have for any ski mountaineer. The back stories are awesome and makes you want to dream. The toughest part is keeping my friends from taking home for themselves.

Review 4:

The big mountain tic list. This book really opens up new ideas in new places. Great pictures. Great insight. Get it. markhoward307@intagram

Review 5:

Some great eye candy in this book (as well as narrative), but it still leaves a little to be desired. Sometimes it excels as a guidebook, sometimes it excels with photography and sometimes it excels with gripping narrative. Many routes depicted are amazingly well covered, with good descriptions, history, personal narratives, and photography. The precedent set with certain routes in this manner left me wanting more on entries that weren't as thorough. Some entries fell (quite) short, with lackluster ties between route descriptions and photography (Such as the Eldorado Peak or Mt Whitney). The Patriarch on Glacier Peak gets some good narrative, but is quite lacking in both route description and photography. Unfortunately, the miss on that inclusion is hard for me to let slip (especially since I am a Montana boy).

That being said, this is probably one of the more beautiful and unique pieces of its kind out there, despite certain imbalances. I still keep a napkin handy for dealing with my own drool, and secretly covet the copy I purchased as a gift for my brother.
