### Muhammad: His Character and Conduct

Muslims all over the world see Muhammad as God's last messenger to mankind. Through his actions, he showed the way to live a life that provides for all the needs of body, mind, and soul, and elevates man's aspirations towards a sublime ideal in a very simple, direct, and truthful manner. He built a state that was dedicated to truth and justice and to the liberation of man throughout the world. He wrote to emperors, kings, and rulers, calling on them to believe in God and to follow His message, yet, at the same time, he lived a life of poverty, leaving aside the riches that were offered to him. At a time when the Prophet is much maligned by writers, cartoonists, and various other detractors,

Recent statistics suggest that nearly 9 out of 10 acupuncturists end-up in private practice but most of those are struggling to earn solid incomes. This book offers candid and comprehensive advice about what it really takes to manage a successful acupuncture practice in the West today. Readers will learn the unique combination of skills needed to make acupuncture services effective and affordable while still allowing practitioners to earn a comfortable living. Distilled from 25 years of full-time private practice this is real-world advice offered by one of the acupuncture profession's most experienced practitioners and authors.

"Not strictly a clinical guide, or a business book, or a political treatise, but rather an original fusion of the most important aspects of all three, *Making Acupuncture Pay* should be required reading for every student of acupuncture, for any acupuncturist who's struggling to make a practice work, and well, for any acupuncturist...PERIOD!"  
—Brent Oshio, L.Ac.

"This book should be required reading before one enrolls in acupuncture school, as each chapter addresses the fundamental concepts and realistic prospects of the graduate carrying a living as an acupuncturist."  
—Pamela Howard, acupuncture student

Matthew Besser began his practice in 1996 immediately after obtaining his State acupuncture license and as the sole source of support for his family of four. Learning how to manage his practice by trial and error, Matthew currently sees between 75-100 patients a week. In addition to his busy practice, Matthew also became involved with acupuncture organizations and as a consultant for the insurance industry helping to promote acupuncture benefits. He is the author of *The Healing Power of Acupuncture and Acupuncturists*, which explores the Taoist roots of Chinese medicine as a means of educating the public about acupuncture's benefits. With *Making Acupuncture Pay*, Matthew begins his efforts to help fellow acupuncturists achieve the level of practice success he has been blessed to enjoy.
