The Sixty-Nine Stations of the Kisokaido

Reproduced from the finest surviving edition of the original manuscript, this book offers an unforgettable portrait of daily life in 19th century Japan. Each plate teems with unique characters, from beggars and brawling men to boaters and finely clothed women; and the artists' gentle humor imbues them all with remarkable, human vitality. Behind the travelers loom castles, cities, powerful waterfalls and other sites familiar to lovers of Japanese history. Readers will travel from station to station through changing seasons, rural roads and city streets, on a journey that explores every stratum of a diverse society. Commentary by art scholar and curator Sebastian Izzard, Ph.D. accompan

Edmonia Lewis: Wildfire in Marble (People in Focus Book)

Edmonia Lewis endured prejudice throughout her life from those who saw her as a savage native or a poor, uneducated black woman. Undaunted she worked on--and the statues she produced today salute important events in American history. Of two cultures, Chippewa, African American, Edmonia Lewis

What others say about this ebook:

Review 1:

beautiful history

Review 2:

This book should be purchased as an accompanying volume to the Tokaido.

Review 3:

This edition of *The Sixty-Nine Stations of the Kisokaido* is clearly taken from the best extant copies of the original just as the authors and the publisher claims, and the quality and attention given by them to this reprint confirms their desire to publish the best rendition of this important work.

I think that the price reflects that fact.

Review 4:

While this doesn't quite reach the heights of Hiroshige's prints of *100 Famous Views of Edo* as reproduced by the Brooklyn Museum of Art, it does come close and has provided me with hours of enjoyment in contemplating both the subjects portrayed and the composition of the subjects by the artists (both Eisen and Hiroshige are represented in this collection). A worthwhile purchase for anyone who loves Japanese woodblock prints.

Review 5:

Here we get a collection of mostly Hiroshige prints from an old postal route. I love Hiroshige because I loved Tintin as a child. Hergé stole brutally from Hiroshige, which makes these prints so likeable to me.

Five stars for the prints and three stars for the book and two for value for money. The size of the book is too small to make the prints justice. It does a decent job, but it is in no way close to Hiroshige, *100 Views of Edo* in production quality. If you only buy one book of Hiroshige, do yourself a favour and pay USD 95 for that book instead of USD 70 for this.
