### Trauma Alert

Dr. Ali Torveau knows just how fragile life can be—she sees death and tragedy every day in the trauma unit. Battling the dark forces of fate is her life's work and she doesn't want or need anything else, certainly nothing as transient as love. Plenty of women try to change her mind, but she never has any trouble saying no. Not until the day firefighter Beau Cross shows up in her ER and sets Ali's carefully ordered world aflame.

**What others say about this ebook:**

**Review 1:**

**I couldn't put this one down until I finished it. Well written.**

**Review 2:**

**Is there another book before Trauma Alert, I feel like I was missing something other wise it was a great book. I have read again, it kept me on the edge, I couldn't put it down.**

**Review 3:**

**This was a good story. I like the characters. My qualms were that it had a pretty significant cheesiness factor with the characters falling in love pretty quickly, and that there were a few dramatic life endangerment moments that conveniently brought the characters together. If you're a romantic person, then you'll probably enjoy this book because it was definitely well written and had an enjoyable plot to provide a little adventure. However, if you're like me, and aren't the romantic type, then this might be a little cliché. I do enjoy romance novels, but this one didn't stand out to me as much.**

**Review 4:**

**Loved it**

**Review 5:**

**Loved this book ! Could hardly put it down.. Great read and again would love a followup to this story line.**
