What others say about this ebook:

Review 1:

I love the fun humor and intensity

Review 2:

What's not to like. Makes you want to lick the story if possible. LOL

Review 3:

Gotta love those SEALs. Loved it that Chris was 40 and over the top hot. Guess now I have to find out if the other guys are the same.

Review 4:

I must say that I got a big laugh out of this particular book of Ms. Johnson's - "maybe next time forgo the double tap when you're in front of a bunch of liberal rich folk." - and I'm still laughing about it; choice I must say. Hijacking the yacht headed for Cuba with hostages either for ransom or dropping overboard way out to sea, a real life scenario unfortunately. A nice quick easy afternoon read.

Review 5:

I loved this book, just wish it had been longer! Chris and Darcy's story was exciting, sexy and sometimes fun. This is one of my favorite SEAL series and I can't wait to read the next book! Definitely recommended if you enjoy hot SEALs and strong women who know how to handle them then, this book is for you!!
