**What others say about this ebook:**

**Review 1:**

There's no way that this book can be considered as decent. Instead of the stupid cartoons, please focus on improving the content of the book. A lot of materials/terms are not explained clearly at all. I returned it!

**Review 2:**

Thank you!

**Review 3:**

Good information but can get a little boring

**Review 4:**

easy read, good to get a base but need other texts for college

**Review 5:**

It was a little more clinical than I need.
